## Study plan

## Name of study plan: Planning and Management of Crisis Situation - full-time

Faculty/Institute/Others:

Department:

Branch of study guaranteed by the department: Welcome page

Garantor of the study branch:

Program of study: Population Protection

Type of study: Bachelor full-time

Required credits: 180 Elective courses credits: 0 Sum of credits in the plan: 180

Note on the plan:

Name of the block: Compulsory courses Minimal number of credits of the block: 180

The role of the block: Z

Code of the group: 17PBP POV 15

Name of the group: Planning and Management of Crisis Situation compulsory course 15

Requirement credits in the group: In this group you have to gain 180 credits

Requirement courses in the group: In this group you have to complete 63 courses

Credits in the group: 180

Note on the group:

Code	Name of the course / Name of the group of courses (in case of groups of courses the list of codes of their members) Tutors, authors and guarantors (gar.)	Completion	Credits	Scope	Semester	Role

## List of courses of this pass:

Code	Name of the course	Completion	Credits		
17BOZP	Occupational Safety and Health, Fire Protection and First Aid	Z	0		
17PBPAK	English Conversation	KZ	2		
The course is geared to building on existing language skills acquired by students in order to achieve a high level oral communication (intense conversation).					
	the topics presented during the lessons. They express their opinions and sugest possible solutions.				
17PBPAMN	Analysis, Methods and Tools for Dealing with Crisis Situations	Z,ZK	3		
The goal is to bas	ics and key analysis tools and methods of crisis management, to the extent necessary for the understanding of safeguarding the po	oulation against the	e effects of		
emergencies or nor	i-military crisis. In addition to acquaint students with the scope and activities in the construction and protection of critical infrastructure	elements and Euro	pean critical		
infrastructure. The	education policy will be clarified and emergency planning and preparedness in the area of ??the state population. Practically the properties of the properti	actice of mid-range	e planning,		
	evacuation and treatment planning assumptions protection plan for processing critical infrastructure elements.				
17PBPAOT	English Professional Terminology	KZ	3		
The aim of the cour	se is to acquiant student with the terminologie related to their field of study. Students learn how to use the vocabulary in real situation	s, when solving rea	al problems.		
	The course is primarily focused on communication and on the development of english speaking skills.				
17PBPBIS	Security of Information Systems and Networks	Z,ZK	3		
Study is focused	on understanding the principles of security risks in information technology, the preventive treatment and management. Students will	learn the basic pri	nciples of		
security, understand	d the sense of security in large information systems. Students will learn the principles of the new solution practices, which lead to the	design, installatio	n, operation		
	and maintenance of secure information systems.				
17PBPBPS	Security Policy of the State, the Defense of the State and its Security	Z,ZK	5		

	· · · · · · · · · · · · · · · · · · ·		
17PBPCHB	Chemistry for Bachelors	Z	2
Introduction to o	chemistry, categorization and properties of substances, chemical bonds, chemical reactions, elements in periodic table, organic chemis	try fundamenta	ıls, natural
	substances, polymers, analytical methods - instrumental analysis, chemical calculations, chemical equations.		
17PBPCNP	Civilian Emergency Preparedness	Z,ZK	3
•	cs and main principles of Civil Emergency Preparedness (CNP), to the extent necessary for the understanding of safeguarding the pop	•	
•	crisis situations non-military character. Cooperation in the field of CNP at the international level is particularly within the European Unio		•
	nd EU civil protection aims to better protect people, their environment, property and cultural heritage in the event of major natural disas		-
numan factors aris	ing both inside and outside the EU. The training will be clarified as well as crisis intervention policy and preparedness UN and the OSC civil emergency preparedness and obligations of the State in protecting the population.	E and the basi	c structure o
17PBPDTX			
	Drugs and Toxicomania sic information about drugs and drug addiction. The main emphasis is placed on the distribution of drugs and dismantling drug abuse p	KZ	2
	tion in biological materials, and legislation in the fight against drugs. The aim of the course is to gain knowledge on cutting drug use, dr		_
loatio, arag actoo	in this field.	ug uddiolion, u	na provontion
17PBPEKRA	Ethics of Crises Management	Z	3
17PBPENV	Environmental Security	KZ	3
17PBPFBA	Physics for Bachelors	Z	2
	te a physical pillar for further study. In the course of reciting the basics of mechanics, relativistic physics, basic electricity and magnetism		l .
ne godi is to creat	optics.	n, basic gcome	tilo alla wav
17PBPHAE	Hygiene and Epidemiology	KZ	2
		Z,ZK	4
17PBPHKP	Emergency and Crisis Planning		
17PBPISV	Information Systems in Crisis Management	Z,ZK	4
17PBPITT	Information Technology and Telemetry	Z,ZK	3
17PBPIZS	Integrated Emergency Services	Z,ZK	4
17PBPKM	Crisis Management	Z,ZK	4
	ts with the history and principles of crisis management procedures, the causes of the crises, the breakdown of the institution of crisis m	-	_
rinciples of forces	and means of creating crisis management, the essence of crisis situations, emergency procedures, strategies and information security cr	risis manageme	ent. Emphasis
	is placed on the status of crisis management in public administration and the theoretical bases of crisis situations.		
17PBPKPS	Communication Instruments of Integrated Emergency Services	KZ	3
17PBPKRZ	Healthcare Crisis Management	ZK	4
he course acquain	nts students with the structure of emergency management authority in the Republic and the actual distribution area of crisis management be	odies in public a	dministration
		•	
	Specifically, the course focuses on the scope of public administration related to healthcare.
